Series 9300™ Corner Entry

FRAMED SLIDING SHOWER SCREEN SYSTEM WITH FRAMED MAGNETIC DOORS

A new addition to the Australian Design Award winning Series 9300™ shower screen range features an incorporated head track, sliding doors and magnetic closure.

Effective Space Utilisation

Dual sliding doors enable corner entry to the shower enclosure, providing clear and easy access. The **Series 9300™ Corner Entry** design facilitates the installation of a full size shower enclosure even when bathroom floor space is at a premium. Proximity of vanities, toilets and baths restricting access to the shower enclosure is no longer a problem.

Magnetic Closure

Full length grip stiles incorporating PVC coated magnetic strips provide a positive close point-of-entry which eliminates door roll back and creates impressive water resistance improving bathroom safety and function.

Magnetic Closure

Guide Block

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Low Maintenance

Smooth contoured profiles and cleverly designed tracking sill in all Series 9300™ configurations is specifically designed to minimise soap accumulation, which reduces the need for cleaning.

Obligation-free measure & quote

Please call for an obligation-free measure and quote, and also ask for details on matching: Mirox Finesse™, Mirror Framing Systems. The Australian Design Award winning Space:Maker Softline™, Mirrorline™, Finesse™, Strongline™, Triline™, Project™, Panel Door™ Panel Line™, Expressions™ and Silhouette™ Sliding Wardrobe Door Systems. Safety

Series 9300™ Corner Entry Shower Screen Systems are glazed to comply with the requirements of Australian Standards AS2208 and AS1288.

Premium Operation

Innovative design of both extrusions and components used in the fabrication of the **Series 9300™ Corner Entry** combine to ensure smooth, silent operation of sliding door panels at all times.

Water Resistance

Series 9300™ Corner Entry is designed to provide a high level of water resistance to minimise external splashing by combining vinyl spray flap, magnetic closure and advanced sill design ensuring your bathroom remains drier and safer.

Concealed Head Track

Unique design has resulted in the incorporation of the Head Track and Head Capping into one section, providing a highly rigid, functional and aesthetically pleasing concealed Head Track design.

Glass Size

Designed specifically for use with 4mm, 5mm and 6mm toughened glass. Will also accept 6.5mm laminated glass if desired.
